Section A -- English as a Second Language Agreement

Traditional Learning Academy is not able to provide for students who have a limited knowledge of English. Normally, applications for such students will be declined, however, if it is evident that a student would function well in our setting, perhaps with extra tutoring in English arranged by the family, we may accept him/her on a conditional basis for a probationary period of three months, or one school term. At the end of that probation the student's progress will be assessed, and a decision will be made regarding his or her placement at TLA. This decision will be based on whether or not the student is making worthwhile gains within a reasonable level of accommodation on the part of the school to provide for his or her needs.

My child is fluent in the English language: Yes ' No '

Signature: _____

If "No" is ticked, it is understood that the student is eligible only for conditional acceptance.

Section B - Special Needs /Behavioural Agreement

Traditional Learning Academy is not staffed to provide for the individual needs of children who have experienced or have been diagnosed with learning and/or behavioural disorders. Normally, applications for these students will be declined, based on our belief that they should be placed where their needs can be most effectively met. However, if it is quite evident that the student is not presently in an optimum learning situation and where there is no alternative available, *and* when our setting makes it possible that the student might function well with us, we may accept him or her on a conditional basis. A student accepted on this basis will be given up to three months in our regular program to determine if there is a mutual advantage to making the placement permanent. On or before the end of the conditional placement, a meeting will be arranged to review the status of the student. The decision will be based on student achievement and practical considerations affecting the normal running of the classroom. The student may qualify for special needs funding or parents may be called upon to cover extra costs which are seen to be necessary.

If the applicant has been suspended from a previous school for whatever reason, this must be disclosed.

My child has been diagnosed with or exhibits learning or behavioural disorders : Yes ' No '

My child has been suspended or expelled from a previous school: Yes ' No ' If yes, please explain on a separate sheet.

Signature: _____

If "Yes" is ticked, it is understood that the student is eligible only for conditional acceptance.

Section C -- Religion Agreement

Traditional Learning Academy provides education in the Catholic tradition. Students study this religion along with the other subjects offered at each grade level. The daily routine at TLA includes prayers on several occasions. At least once each month, students participate in a special feast day according to the Liturgical calendar. On these occasions, students may go to the church to say the Rosary, sing hymns and/or participate in a special ceremony often in honour of Our Lady. Our school was founded by Catholic parents committed to providing a Catholic setting, whose solid academic programme is enlivened by its authentic spiritual environment. ***Although one need not be a Catholic to attend TLA, it must be understood that all students are required to participate in religion classes, prayers and in our school devotions. The school does not permit any student to "opt-out" of any part of its programme.***

My child will participate in all religious components of the school programme: Yes ' No '

Signature: _____

If "No" is ticked, it is understood that the student is not eligible for acceptance at TLA.

Section D – Tuition and Refund Policy and Agreement

School budget and staffing requirements for the entire year are determined by the estimated enrolment of students. Therefore, the deposit of the first month's tuition paid upon the student's acceptance is non-refundable. Students are expected to attend for the full academic year, and the family is liable for the total annual tuition and capital fund payment. School fees must be paid in advance according to a payment schedule. If, due to unforeseen circumstances, a student is withdrawn before October 1, the family is obliged to pay 50% of the annual tuition. If the student is withdrawn on or after October 1, the family is obliged to pay the full year's tuition. Should exceptional circumstances necessitate a student's withdrawal, an application for a tuition refund may be made to the Board of the Society for individual consideration. The school administration reserves the right to insist upon the withdrawal at any time during the school year of any student who conducts himself/herself in an unsatisfactory manner.

I have read and agree with the tuition and refund policy : Yes ' No '
